I can edit, publish and/or perform a part of my story.

Today's Task

Firstly, if you haven't managed to finish your story, continue to finish it. Refer to yesterday's PowerPoint and task sheet to help you. Remember to try and include **fronted adverbials** and **expanded noun phrases**.

If you have finished your story...

You can choose to do one of the following:

- Choose a paragraph from your story that you feel needs improving either by adding more **fronted adverbials**, more/better **expanded noun phrases**, better **vocabulary**, improved **spelling**.

Edit and improve the paragraph and then publish it by writing the paragraph up in your best handwriting or by typing it up onto the computer.

- Act/read out your story to your family using actions and/or good expression. You may want to make some props to use when doing this.

If you would like to send us your improved paragraph or a picture of you acting out your story we would love to see them. 😊

Optional Extension

Use a thesaurus: paper or online, e.g. <https://kidthesaurus.com/> or <https://kids.wordsmyth.net/we/> to write some **synonyms** of the following words:

Beautiful

Horrible

Big

Small

Kind
