

Year 5 Topic Home Learning Autumn 2

Every two weeks you are going to choose one of these projects to investigate. These projects are extended over several weeks so that you can explore, investigate and create something incredible! We will share and celebrate your projects on:

13th November and the 4th December.

<p>Research an artist that uses space in their work. Recreate one of their pieces of art or use it as inspiration for your own piece of space art. Explore using different media. Pen, paint, collage. Peter Thorpe is the artist we will be exploring in school.</p>	<p>Create a poster advertising one of the 52 states of America. Why should we visit?</p> 	<p>Make a model or a poster including a mnemonic to remember the names of the planets and the order they are in according to distance from the sun.</p>	<p>Create a menu with well known American foods. Draw some illustrations to make your menu appetising.</p>
<p>Write down 5 interesting facts about Tim Peake, the astronaut.</p>	<p>Find or write a poem about space. Copy it onto a piece of paper in your best handwriting and illustrate it. Be ready to perform it in school.</p>	<p>Design and make a board or a card game to consolidate your learning about Fractions. You could do a board game with questions, matching card game, bingo type game.</p>	<p>Prepare a short talk about a hobby or interest you have at home. ie dance, boxing, gymnastics, swimming.</p>
