

Year 5 Topic Home Learning Spring 1

Every two weeks you are going to choose one of these projects to investigate. These projects are extended over two weeks so that you can explore, investigate and create something incredible! We will share and celebrate your projects on 22nd January and 5th February.

<p>Research an artist that has connection to North America. For example Jackson Pollock, James Whistler, Edward Hopper or Deborah Roberts</p> <p>Recreate one of their pieces of art or use it as inspiration for your own piece of space art. Explore using different media. Pen, paint, collage.</p>	<p>Create a survival guide for a Volcanic eruption.</p> <p>This can be a poster or a leaflet continuing facts and illustrations.</p>	<p>Create an illustrated science glossary for our science topic of materials.</p> <p>Here are some words you could include.</p> <p>Insulator conductor, mixture, dissolve, solution, soluble, insoluble, filter, sieve reversible/irreversible change</p>
<p>Write your own short story.</p> <p>You can think of your idea from something you have read or a portal story as we were exploring in English last term.</p>	<p>Plan and carry out a dissolving or evaporating experiment at home.</p> <p>Bring in photos and an explanation of what you did and what you found out!</p>	<p>Aspirations</p> <p>Write a short speech or PowerPoint presentation to explain what you would like to do when you grow up and why.</p> <p>What skills or experience will you need?</p>
