

# Year 5 Topic Home Learning Autumn 2

You are going to choose two of these projects to investigate. These projects are extended over several weeks so that you can explore, investigate and create something incredible! We will share and celebrate your projects on:

18<sup>th</sup> November and the 9<sup>th</sup> December.

|  |  |   |  |
|--|--|---|--|
| <p><b>Research an artist</b> that uses space in their work. Recreate one of their pieces of art or use it as inspiration for your own piece of space art. Explore using different media. Pen, paint, collage. Peter Thorpe is the artist we will be exploring in school.</p> | <p><b>Create a poster</b> advertising one of the 52 states of America. Why should we visit?</p>  | <p><b>Make a model or a poster</b> including a mnemonic to remember the names of the planets and the order they are in according to distance from the sun.</p>                    | <p><b>Create a menu</b> with well known American foods. Draw some illustrations to make your menu appetising.</p>      |
| <p><b>Write down 5 interesting facts</b> about Tim Peake, the astronaut.</p>   | <p><b>Find or write a poem</b> about space. Copy it onto a piece of paper in your best handwriting and illustrate it. Be ready to perform it in school.</p>                        | <p><b>Design and make</b> a board or a card game to consolidate your learning about Fractions. You could do a board game with questions, matching card game, bingo type game.</p> | <p><b>Prepare a short talk</b> about a hobby or interest you have at home. ie dance, boxing, gymnastics, swimming.</p> |
